Product Features

Advanced Touch Screen: Equipped with a 7" capacitive LCD touch screen for intuitive control.

Security Sensors: Supports up to 8 connectable sensors, enhancing safety and surveillance.

Installation Versatility: Can be wall-mounted for flexible placement.

Core Functions: Provides essential functions such as video call, calling management center, door-to-door intercom, remote unlocking, camera surveillance, security alarm, notification release, and visitor messaging.

Extensive Capabilities: Supports smart home features and elevator control for comprehensive management.

Software Integration: Compatible with the Trudian Community Management Center Platform for remote monitoring and control.

Product Specifications

Display	7" capacitive LCD touch screen
Screen Resolution	800*480
Networking Method	TCP/IP
Connectable Sensors	8
Power Supply	12V
Standby Current	180mA
Working Current	400mA
Working Temperature	-10℃~55℃
Working Humidity	10%~90%
OS	Embeded Linux
Memory	128MB
Flash	16MB
Installation Method	wall-mounted
Appearance Size	200x132x17.8mm
Material	engineering ABS and tempered glass
Basic Functions	video call, calling management center, door-to-door intercom, remote unlocking, camera surveillance, security alarm, notification release, visitor message
Extensible Functions	smart home, elevator control
Trudian Community Management Center Platform	support
